Boost for Jimmy Walsh.  
Here is a boost that Catcher Henry Roudau, formerly of the Providence club, and now with the Hartford team, has given to Jimmy Walsh, who is in the Philadelphia outfield this season. It is his opinion that he will take rank as one of the greatest fielders in the game. Walsh is all over the outfield. It doesn't make any difference whether the ball is hit into left or right center; when Walsh is playing the middle position there isn't a chance for the sphere to go through. He has a throwing arm that kept international league runners tied to the bases.

## FINANCIAL AND COMMERCIAL

**BROAD AND STRONG.**  
Most Cheerful Market Yesterday for Several Weeks.

New York, April 1.—Gains of one to three points were well distributed among the standard stocks today. The market was the broadest and strongest of several weeks, both the speculative favorites and the standard investment stocks sharing in the rise. Not only was there a keen demand for stocks from the short interest, but operations for the long account were carried on more confidently, and new high prices for the rise which began more than a week ago were established. Traders were encouraged by the resistance of the market recently to unfavorable news. The death of J. P. Morgan yesterday and flood news of last week proved of little effect on the list, and indications were that the market was covered. Another source of strength was European buying. Announcement that Turkey had accepted the peace terms proposed by the powers was followed by large buying for foreign account, especially of the copper shares. The European demand for the metal will be stimulated, it is expected, by conclusion of the war. Exports of copper to Europe have already increased largely, the total for March exceeding all previous records. The fortnightly copper statistics showed an increase of 1,435 tons in European supplies.

Pennsylvania's February report showed a gain of nearly \$1,500,000 in total operating revenue, but a rise in expense of over \$2,000,000, so that net earnings decreased \$534,000. New York Central reported a net gain of \$84,000. Pennsylvania is only one of several large systems to report a shrinkage in February net, although in view of mild weather and favorable operating conditions it had been expected that net gains would be general.

Bonds were strong. Total sales, par value, \$2,315,000. All United States bonds declined, losses running from 1-8 to 3-8 on call.

## DENNY MURPHY WITH HARTFORD

**Taftville Boy Gets Tryout With Capitol City Baseball Team**  
—Leading Catcher of Eastern Connecticut League For Two Years—Also Clever Infielder.

The local fans will be watching with eagerness the class that young Denny Murphy, the star Taftville catcher, is to show the baseball world when he reports to the Hartford team of the Eastern association, on April 10th. Murphy is slated for a tryout on the Capital City team this season and many of the wise baseball men who have seen young Murphy perform predict that he will stick. He has just reached the age of 20, stands 5 ft. 11 in. in height, weighs 160 lbs. and has just now reached the proper chance to jump in and make good. He has a wonderful whip with good control, is a real hitter, and is exceptionally fast on the bases. He began his baseball career in 1910 when he joined the local Y. M. C. A. team of the Mill league, which won every game. In 1911 he got his first real test with

qualification round of the 18th annual united north and south amateur golf championship with a card of 161 and 13 strokes.

H. J. Topping of Greenwich, Conn., and H. K. Kerr, Ekwanok, were tied for second place. Sixteen qualified for the match play rounds which continue through out Saturday.

**GOTCH DEFEATS LURICH.**  
Champion Wins Match in Straight Falls from Russian.

Kansas City, Mo., April 1.—Frank Gotch retained his supremacy as wrestling champion of the world to night, defeating George Lurich of Russia in two straight falls at Convention hall. Gotch secured the first fall in 10 minutes, 16 seconds, pinning Lurich's shoulders to the mat with an arm and toe hold, and the second in 5 minutes, 35 seconds with a head and arm hold.

Gotch appeared much stronger than the Russian and he was the aggressor throughout the match.

About 500 women were among the spectators.

**Reds Release Frost and Nagle.**  
Cincinnati, O., April 1.—The Cincinnati baseball club of the National league announced tonight that it had released Player Jack Frost to the Montreal club of the International league and Player Joe Nagle to the Wausau club of the Wisconsin-Illinois league.

The men will report to their respective clubs at once.

**Barrows Breaks Leg Sliding.**  
Ambrose, Ala., April 1.—Outfielder Barrows of the Rochester International league broke his right leg here today in a practice game with Alabama Polytechnic while sliding to third base.

**SPORT NOTES.**  
The Boston Nationals have refused to waive claim on Almeida, so the Cuban will not drop to the minors for a while yet.

Joe Kenschan, one of New Haven's best semi-pro ball players, is to try for an outfield berth with the New Haven team.

It is rumored that the Cleveland club will establish a permanent training camp at Bay View, about 30 miles east of New Orleans.

Pitcher Marquand is quoted as telling

San Francisco reporters that he considers himself "worth in salary as much as Mathewson."

Bobby Veach, the Tigers' left fielder, is said to be a better man now than either Davy Jones or Matty Moore, his predecessors.

Schulz, the youthful left-hander with the Yankees, will probably gain a regular place on the staff this season, according to Manager Chance.

Manager Tinker has fined Marsana and Almeida \$25 each for not reporting on time Romanach, the shortstop has decided to stay in Cuba.

Pitcher Slim Harrell, with Holyoke last year, has been turned over to the Memphis club of the Southern league by the Philadelphia Americans.

Charlie O'Leary, the old Detroit star, is wanted by Huggins of the Cardinals to take the injured Hausser's place at shortstop in the coming city series in St. Louis.

Hugh Jennings announces that he probably will carry every one of his recruit pitchers into the regular season and give them at least one chance in a game that counts.

Manager Clarke Griffith of the Washington American league club has sent on Zeke Erhard to New Haven. Erhard will try out for second base with the White Wings.

The Athletics have a long running start over the Red Sox and Senators and already have struck midseason form, judging from the way they are cutting up against minor league outfits.

John McGraw isn't so old but that he could fill in in the field in case somebody dropped dead. Against Houston the other day he was leading hitter for the Giants. His second base work was tip-top.

Adding Jimmy Adams's 6 feet 5 1/2 inches to Carl Wehman's 6 feet 7 1/2 inches the Browns have over 13 feet of pitching in the two men, a distinction possessed by no other big league club in history.

Elmer Casey and C. O. Stucker, having their initial trial as big leaguers, failed to meet even the requirements of the Browns and are the first to be released by Stovall's club. They are released outright.

Pitcher Rube Benton, with a severe cold, infielder Dick Cavan, with a lame ankle, and Charlie McDonald, with a swollen ear, the result of being hit by a pitched ball, comprise the hospital corps of the Reds at present.

It remains for Joe Tinker's Reds to discover the man who never saw a ball game. He was Harry Lauder, the Scotchman. Tinker made him cut a matinee one afternoon and go out to the park to see a practice game.

Teddy Cather, Cardinal outfielder aspirant, says that before he became a ball player he worked at the plumbing and gardening businesses, as a druggist, a roller skating instructor and as an asbestos coverer in a locomotive works.
